

The Value of Everything DiSC

You Get What You Pay For!

Conversation Catalyst

- Enables conversations about sensitive topics
- Non-judgmental language
- Dissolves the filters and silos that stifle honest, supportive conversations at work

Aha's That Resonate

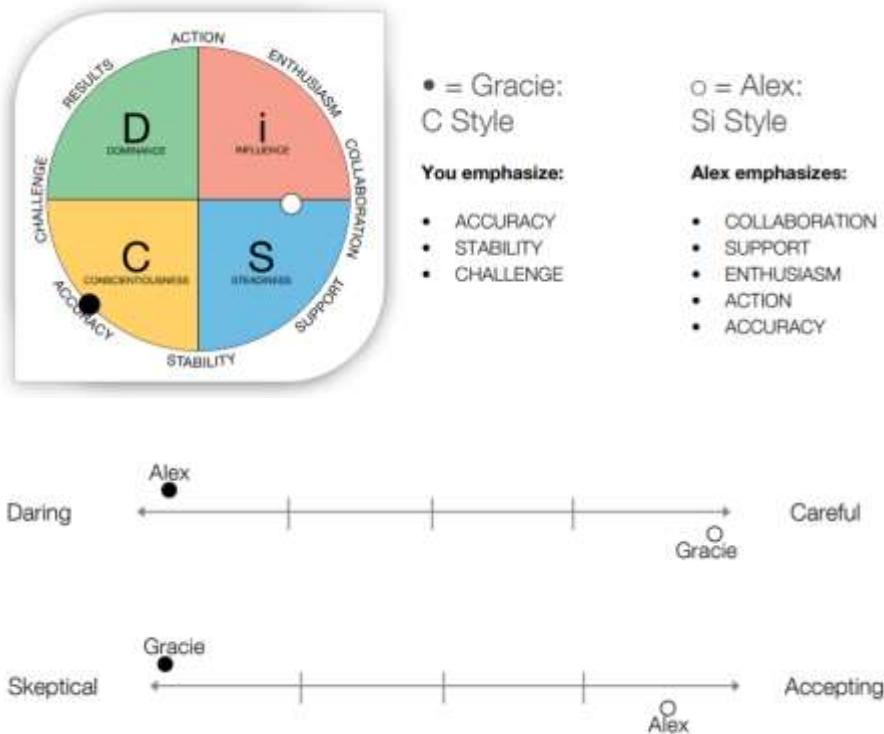

- Typical classroom quotes: “Have you been following me around?” and “This is creepy accurate.”
- Insights and aha moments ripple through training sessions
- A model that's been rigorously tested and proven over the last forty years

Beyond the Classroom

- Model is simple and memorable
- Learners carry the four styles out of the classroom and can immediately infuse the ideas into their work
- Circumplex model is a powerful way to see how you relate to other people

Support After Learning

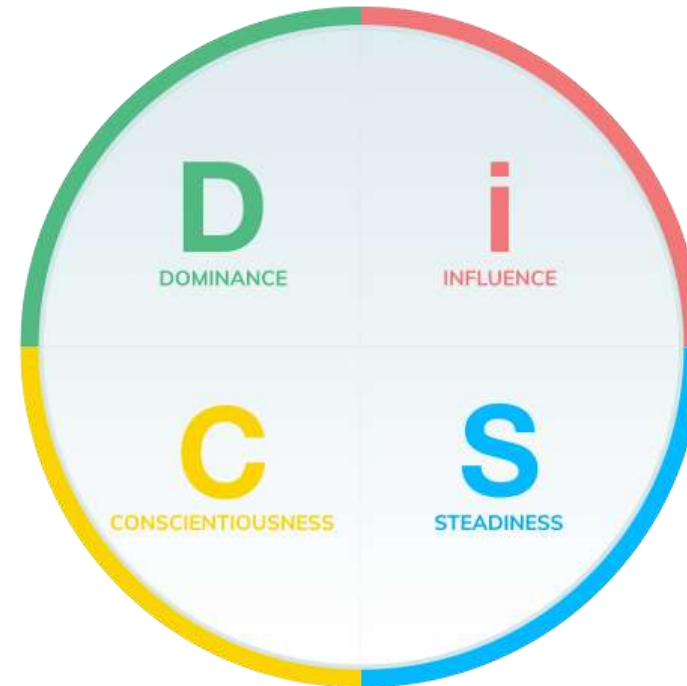

Comparison Reports
